MES Score card 2020-21

Hi Kuldeep Gupta,

Please find below the managerial effectiveness score for the year **2020-21**. Please refer to the below definitions to understand and interpret the report below.

Manager Score: The average of all the scores given by your direct reportees.
Team Roll up: The average of all the scores given by your entire team, irrespective of whether they directly report to you or not. e.g. If some of your team members have teams reporting to them, the scores given by the team below will also contribute to your Team Roll Up Score.
Department Roll up: The average of all the scores given by the employees in the entire department that you are a part of.
Zycus Roll up: The average of all the scores given by employees of Zycus.

Please note that the below parameters with score less than 4 (underlined in red) need your immediate attention.
Action Plans for such parameter/s which is/are area/s of improvement need to be created.

	PREVIOUS PERIOD'S RATING	**4.93**			

The HCM team will drive various initiatives around the same. Your participation in such initiatives will be required to collectively work on improving the scores. Improvement on the above action items will be evaluated in the coming Managerial Survey. In case of any support required for the same please get in touch with us at the earliest.

We wish you best of luck to embark on this journey of building your capability.

Regards,
HCM Team
